Additionally, prospective students should be aware of the physical demands required of a barber in this industry. Occupations in the barber industry generally require prolonged standing or sitting and constant use of the upper torso, shoulders, arms, wrist and hands, upper back and neck. Prospective students should have finger dexterity and a sense of form and artistry, enjoy dealing with the public and be able to follow a client's direction and to have compassion and patience for people at all times. A student must be physically capable of performing all required activities conducted at the school and comply with all **regulatory oversights** and safety policies and procedures to work as a licensed barber. Individuals with allergies or other sensitivities may have reactions to typical chemical products used in barber industry. Exposure to chemicals used in the barber industry may cause cancer and birth defects or other reproductive harm to you and your unborn child. In addition, the physical demands required by the school curriculum could place unwanted stress on the mother and child during pregnancy. Please consider this and consult with your physician regarding these issues prior to enrolling and signing an enrollment agreement. Generally, the professional in the Barbering field must be in good physical health he/she will be working in direct contact with customers. This related field of study requires a great deal of standing while working on a patron, with shoulder, arm

and hand muscle movements. A person must consider his/her physical limitations in terms of making a career choice that involves extensive physical demands. **Students must understand they need to meet the requirements set forth by employers.** We promote the acceptance of students with physical limitations or disabilities if these students (their parents or physician) believe they can fulfill the training demands.

Student Tuition Recovery Fund (STRF)

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition. You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 North Market Blvd., Ste. 225, Sacramento, CA 95834, (916) 574-8900 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120-day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law. However, no claim can be paid to any student without a social security number or a taxpayer identification number.

Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 North Market Blvd., Ste. 225, Sacramento, CA 95834, (916) 574-8900 or (888) 370-7589.

SATISFACTORY ACADEMIC PROGRESS POLICY (SAP)

Evaluation Points

The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course. Evaluations will be performed on scheduled hours. The chart below details the evaluation points applicable to each program:

Program	Course Length	Evaluation Points in Scheduled hours
Barber	1,000 Clock hours	450 scheduled hours and 13 weeks & 900 scheduled hours and 26 weeks

Attendance Progress

For a student to be deemed making satisfactory attendance progress (quantitative), the student must maintain a minimum attendance average of 67%. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued (clocked by the student), by the total number of hours **scheduled**. At the end of each evaluation period, the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame of one and one-half (1 1/2) times the length of the course.

Qualitative Progress

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic (qualitative) learning. Students are assigned both academic learning (written exams) and a number of practical evaluations. Academic learning is evaluated during each unit of study, using class quizzes, written exams and practical tests. Practical skills are evaluated according to course rubrics adopted by the school and provided to students. Students must maintain a cumulative academic grade average of 70% to maintain satisfactory attendance progress. **Students may make up failed or missed tests and incomplete assignments, in accordance with the school's published policy for Scheduling and Grading, Make-Up Work, Incomplete's and Repetitions.** A student's grade point average is determined by a combined average of all practical

and written examinations. Individual student academic records are kept by the school. Students will be notified of any evaluation that impacts their Title IV financial aid eligibility, *if applicable*.

Maximum Time Frame

Students are required to complete the program and/or course within 150% of the published program length. The maximum time frame permitted for transfer students who need less than the full course length will be determined based on the number of scheduled contracted hours. Any student who has exhausted the maximum time frame will be dropped from the program and may elect to re-enroll on a cash pay basis in a manner consistent with the school’s admissions policy. VA benefits are paid based on the approved program length only.

	Maximum Weeks 150%	Maximum Scheduled Hours
Barber 1000 Clock Hours 40 hours /week 25 weeks total	38 weeks	1,500 hours
Barber 1000 Hour Program 30 hours a week 34 weeks total	51 weeks	1,500 hours

Academic Year

The institution operates all programs and schedules according to a schedule of 900 hours & 26 weeks of instruction, per academic year.

Grading System

Students are graded by using a grading system of 0 to 100 points. The grading point system is then converted into alphabetical letters. Students are evaluated regularly on the practical and theoretical work. Students must maintain a “C” average to maintain (70% or higher) satisfactory academic status. Students must have good coordination and show an aptitude for barbering, as well as possess the ability to learn various phases of barbering. The system detailed below is the grading system utilized in this college.

- 90% - 100% A Excellent
- 80% - 89% B Good
- 70% - 79% C Passing
- 0% - 69% Not Passing

Warning

Students who do not meet Satisfactory Academic Progress requirements will be placed in the status of Financial Aid Warning. Students on Financial Aid Warning may continue to receive Title IV funding, *if applicable*, until the next scheduled evaluation. Students must meet the minimum requirements for attendance **and** academics by the next scheduled evaluation, to be deemed making Satisfactory Academic Progress. Students are notified in **writing** within 7 days of being placed on Warning or not meeting SAP.

Failure to Achieve Satisfactory Academic Progress After Warning

If a student fails to bring their grades and attendance back into good standing after the Warning period, they will be deemed ineligible for Federal Student Aid. If they are able to bring their grades and attendance back in good standing, Federal Student Aid may be reinstated.

Academic Progress Status

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. **California Barber & Beauty College does not allow for the status of probation or SAP appeal.** Students receiving Title IV Aid or VA educational benefits may have their benefits discontinued if the student fails to meet Satisfactory Academic Progress minimum requirements, *if applicable*.

Re-Establishment of Progress

Students not meeting Satisfactory Academic Progress standards will be notified in writing of the actions required to attain the minimum requirements for attendance and academics by the next scheduled evaluation.

Evaluation Results (SAP Reports)

All Satisfactory Academic Progress evaluations will be completed by the school within 7 school business days following the evaluation period, students will be notified of the results of their evaluation(s) either by email (electronically) or in person (paper). ***Students will be notified of any evaluation in which the student is not making Satisfactory Academic Progress.***

Access To Satisfactory Academic Progress Reports

A hard copy of each Satisfactory Academic Progress evaluation is maintained in the student's file.

Interruptions & Leaves of Absence

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken

in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

Incompletes, Withdrawals & Repetitions

Incompletes, withdrawals, and repetitions do not apply to the institution have no effect upon the institution's satisfactory academic progress standards if the institution has no such items or policies.

Transfer Students & SAP

Transfer Students are evaluated at the midpoint of the contracted hours or the established evaluation periods, whichever comes first. Accepted transfer hours for students entering from another institution will be counted as both attempted and completed for the purpose of determining when the allowable maximum time frame has been exhausted. ***SAP evaluation periods are based on actual contracted hours at the institution.***

Veteran's Funding & SAP

Students receiving Veterans Educational funding will remain eligible for funding if they are not making SAP and are on Satisfactory Academic Progress warning, *if applicable*. Failure to meet SAP by next evaluation period will result in termination of such funding. Enrolled Veteran students should see the schools Veteran's Information Bulletin (VIB) for more information.

Make Up Work

Only students with excused absences will be allowed to make up work and hours. See *Excused and Unexcused Absences* in catalog for more information.

Institution al Refund Policy

Applies to all terminations for any reason, by either party, including a student's decision, course or program cancellation, or school closure. This Policy complies with California's state mandated policy. California Barber & Beauty College shall refund 100% of the amount paid for institutional charges, less a reasonable deposit, registration or application fee not to exceed two hundred fifty dollars (\$250), if notice of cancellation is made through attendance at the first-class session, or **the seventh day after enrollment**, whichever is later (cancellation period).

After the cancellation period, the institution provides a pro rata refund of ALL funds paid for tuition charges to students who have completed 60% or less of the period of attendance. Once more than 60% of the enrollment period in the entire course has elapsed (including absences), there will be no refund to the student.

- This policy applies to all students.
- This policy is based on scheduled hours.
- The registration fee books and kits and any other items issued and received are **not refundable, once with withdraw period has passed.**
- Once received by the student it will belong to the student and will represent a liability to the student.
- If you withdraw from school after the cancellation period, the refund policy described above will apply.
- If the amount that you have paid is more than the amount that you owe for the time you attended, then a refund will be made within 45 days of the official withdrawal date. If the amount that you owe is more than the amount that you have already paid, then you will have to arrange with the Director to pay that balance.

Percent of Scheduled Time	Tuition Earned by School
0-60%	Pro-rata calculation based upon scheduled hours
60.01% and over	100%

Withdraw Procedures

Students who officially or unofficially withdraw from enrollment prior to course completion should:

- Provide a written notice to the school.
- Complete all required exit paperwork.
- Satisfy all debts owed to the school.

Student's Right to Cancel

The student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first-class session, or the seventh day after enrollment, **whichever is later.** The institution shall refund 100% less registration fee of \$250.

RETURN TO TITLE IV (R2T4) FOR FEDERAL STUDENT AID

The law specifies how a school must determine the amount of Title IV program assistance that a student earns if he/she withdraws from school. The Title IV programs that are covered by this law are: Federal Pell Grants, Direct Student Loans, PLUS Loans, and Federal Supplemental Educational Opportunity Grants (FSEOGs).

Determination Date / Withdrawal Date (Official / Unofficial Withdrawal)

The actual last date of attendance is the last day the student was physically in attendance. This is the withdrawal date. The determination of the withdrawal date on a student who had been previously attending could be up to but will not exceed 14 calendar days from that student's actual last date of

attendance. An active student officially withdraws when they notify the school's administrative office of their intention to withdraw from school. An active student is considered unofficially withdrawn when they have been absent for 10 consecutive school days (14 calendar days) from their last date of physical attendance without notifying the school's administrative office.

All R2T4 calculations are completed within 30 days from the Date of Determination (DOD) and all refunds back to the US Department of Education are returned within 45 days from the DOD. Any credit balances currently on the students account, will be disbursed within 14 days of withdrawal.

Order of Returns

- Federal Direct Unsubsidized loans
- Federal Direct Subsidized loans
- Federal Direct Parent Loan for Undergraduate Students (PLUS)
- Federal Pell Grant

When a student withdraws during the payment period the amount of Title IV program assistance that he/she has earned up to that point is determined by a specific formula. If the student received (or the school or parent received on the student's behalf) less assistance than the amount that the student earned, the student may be able to receive those additional funds. If the student received more assistance than he/she earned, the excess funds must be returned by the school and/or the student. The amount of assistance that the student has earned is determined on a pro-rata basis. For example, if the student completed 30% of the scheduled hours in their payment period, the student earns 30% of the assistance he/she was originally scheduled to receive. Once the student has completed more than 60% of the scheduled hours in his/her payment period, the student earns all the assistance that he/she was scheduled to receive for that period.

If the student did not receive all the funds that he/she earned, the student may be due a Post withdrawal disbursement. If the Post-withdrawal disbursement includes loan funds, the academy must get the student's permission before it can disburse them. The student may choose to decline some or all of the loan funds so that he/she doesn't incur additional debt. The academy may automatically use all or a portion of the post-withdrawal disbursement of grant funds for tuition, fees, and room and board charges (as contracted with the school). If the student is eligible for any post-withdrawal disbursements, they will be notified in writing of that eligibility within 30 days. All post-withdrawal funds are credited to the students account first and any resulting credit balance will be disbursed within 14 days of the credit being created.

The school needs the student's permission to use the post-withdrawal grant disbursement for all school charges over and above Tuition and Fees.

There are some Title IV funds that the student was scheduled to receive that cannot be disbursed to him/her upon withdrawal because of other eligibility requirements. For example, if the student is a

first-time borrower for student loans and has not completed 30 days of school. That student would not be eligible for any student loan disbursements.

If any student is eligible for a loan guaranteed by the federal or state government and the student defaults on the loan, both of the following may occur:

- 1) The federal or state government or a loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
- 2) The student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.
